Off-Campus Study Programs

Though Trinity is a small college, thanks to our membership in the Council for Christian Colleges and Universities (CCCU) and other connections we can offer you a remarkable spate of off-campus study programs. Most involve dedicating a semester to the program; a few take place in the summer. All of them count toward Trinity course requirements, and best of all, in all cases your Trinity financial aid goes with you—so that usually you pay per semester what you would for tuition, room and board here in Deerfield. Travel expenses are additional.

All programs are selective; you must apply and be accepted. Trinity students have been very successful at getting in. These are life-changing, formative experiences. Consider taking advantage of them!
